Explanatory memorandum to accompany the annual accounts for 1880-81.

(A) Rs. 60-5-9, incurred on account of charges for office furniture of the collection office, was shown in the monthly statements under contingencies of that office, but under Commissioner's letter No. 991R, dated 21st September 1881, has now been transferred in the annual account under head "Tools and Plant."

(B) For the increase of Rs. 60-5-9, see explanation (A).

C. R. MARRIOTT.

Vice-Chairman.

Abstract of a Report by the Chairman of the District Road Cess Committee, Mymensingh, on the Committee's operations for the cess year 1880-81.

In this district the Road Cess Act came into actual operation since October 1875, and this report is therefore for the sixth year the Act has been in force. It seems to be popular and much appreciated by the people in general. The cess on lands was levied at the maximum rates ever since the Act has been introduced into the district, and the collections during the year under report amounted to Rs. 1,46,182, against the estimated demand of Rs. 1,46,776. The increase under this head is said to be due to revaluation of certain estates.

The majority of the members of the district road committee and of the branch committees in the several sub-divisions, with the exception of those who live at a distance from the stations, have attended almost all the meetings during the year.

The existing roads in the district have been thoroughly maintained and repaired during the year, and the sum expended was not inadequate to keep them in perfect passable order, so as to facilitate traffic in the district.

The sum expended on the construction and maintenance of village communications during the year was Rs. 87,184-18-4, and that on planting trees on district roads Rs. 274.

The percentage cost of establishments is considerably less than the maximum rate allowed under the Act, being Rs. 15-84 per cent.

The different establishments under the district road committee have performed their work satisfactorily.

J. C. PRICE,
Chairman, Road Care Committee.

R. H. GLEAVES,
Vice-Chairman, Read Less Committee.

No. 416B, dated Dacca, the 17th March 1882.

From—F. H. PALLEW, Esq., Commissioner of the Dacca Division,

To—The Secretary to the Government of Bengal, Public Work Department.

I HAVE the honour to submit herewith the annual accounts and reports of the road cess funds of the several districts of this division for the cess year 1880-81, received from the Chairmen of the Road Cess Committees concerned.

2. Under Government circular No. 978A, dated 14th September 1880, it is needless to recapitulate what has already been said in the reports of the district officers or to supply information which is obtainable from the accounts. I beg therefore to make the following brief remarks.

3. The collections of all the districts of the division were sufficient to meet the requirements of the year, and the object of the Road Cess Act, and the benefits conferred by it, were fully understood and appreciated by the people.

4. The construction of new works made very satisfactory progress in Mymensingh and Furreedpore. In the former district some of the most important works were completed during the year, and in the latter the Rajbari road, which is a railway feeder, has been completed, with the exception of certain bridges; and considerable progress has also been made in some other important roads. In Dacca and Backergunge, however, the progress in original works was not great. No explanation of the failure to carry out the programme of the year has been received from Backergunge, while that received from Dacca is hardly sufficient. In Backergunge better progress should have been made as the estimates of several roads received timely sanction.

5. Due attention appears to have been paid in all the districts of the division to the repair and maintenance of the existing roads. This is especially noticeable in the districts of Backergunge and Mymensingh.

6. The subject of village roads appears to have received proper attention in Backergunge and Mymensingh, where considerable sums of money were spent in their construction and maintenance. But it is to be regretted that the villagers should, as reported by the Chairman, Road Cess Committee, of the former district, give but little assistance for the construction of these works.

7. The progress made under this head in the Dacca and Furreedpore districts is small, especially in the sudder sub-divisions of these two districts, and in the sub-division of Madaripore in the latter. The explanation given by the Chairman, Road Cess Committee Dacca, seems to show that the subject of village roads is still imperfectly understood. By "village roads" are especially intended paths leading from one part of a village to another for the convenience of the villagers. If applications for grants and offers to make or keep up such works were, as stated by the Chairman, rejected because they were not of "sufficient public importance," the wishes and intentions of Government have, I think, not been attended to. It is very disappointing to find the sudder sub-division behind the more populous sub-divisions in the working of this important part of the road cess system.

8. The alleged laxity of the villagers of the Sudder and Madaripore sub-divisions of the Furreedpore district in taking money and submitting accounts, as reported in the Chairman's letter, cannot be peculiar to these two sub-divisions only, and is probably the result of want of attention at head-quarters. I have drawn the attention of the Chairmen of both the districts to the subject, and hope that village roads will receive due consideration in future.

9. It is satisfactory to notice that the grants for village roads in the Dacca district were, in certain cases, supplemented by private donations.

10. It has been proposed to construct a number of feeder roads to the Dacca and Mymensingh Railway now under construction, and Government has promised assistance to this end.

11. The new Cess Act provides for the excavation of tanks for drinking purposes; but from the silence of the district officers on the subject, I presume very little has been done in this direction. In Furreedpore only one tank is reported to have been excavated during the year.

12. Fair progress appears to have been made in planting fruit-bearing trees in the districts of Dacca and Furreedpore; but proper attention does not appear to have been paid to the subject by the Road Cess Committees of Backergunge and Mymensingh. Throughout the whole of Mymensingh, and in several portions of Backergunge, trees can easily be planted on the roadside, and their growth will materially assist in keeping down jungle, which at present disfigures the roads in this division.

13. It has now been finally settled to open steamer communication between Furreedpore and Backergunge from the road cess funds, but the resolution has not yet been given effect to. The report of the Furreedpore Committee on the subject is also very meagre, and no notice has been taken of it in the Backergunge report. The matter was taken up with

the cordial assent of the Railway Company and at the suggestion of Government, and it is not creditable to the District Committees concerned that nothing definite should as yet have been done. The difficulties are imaginary, and a little determination would soon overcome them. I have directed the special attention of both the Chairmen to the subject.

14. The number of meetings held by the Branch Road Cess Committees of Moonshunge, Goalundo, Petuakhaly, Atea, and Jamalpore was small; indeed, less than the minimum number of meetings required by law. I have drawn the attention of the Chairmen concerned to the subject, and requested them to see that the provisions of the Cess Act are duly attended to in future.

15. The average attendance of the members in general is not satisfactory. Most of the members reside at a distance from head-quarters, and this seems to account for the irregularity in their attendance. Those who attend, however, take interest in the management of the funds.

16. There has been some delay in the submission of the accounts and reports to Government. It is due to the non-receipt in this office of the Furreedpore accounts and reports until (2nd February last) sometime after the date on which they were due to Government. Explanation on certain discrepancies then called for from the Chairman were not submitted until the 8th instant. I have impressed on the Chairman the necessity of punctually submitting his accounts in future, and I hope there will be no occasion to notice similar delay in future.

4. As regards your capital account, we observe that there were received during the year to credit of the various works—

	Rs. A. P.
From the revenue accounts of Parts I, II, IV, and VI as contributions for new works, and ...	1,24,468 0 0
By the raising of a debenture loan ...	10,62,687 0 0
The expenditure on works amounted during the year to	8,77,346 3 1
The unspent balance at the close of the year on account of works under construction was ...	6,84,241 3 9
The unspent balance on account of completed works on the same date was ...	47,593 6 8
Total	<u>7,31,834 10 5</u>

The overdrawals on account of completed works were ...	2,06,934 7 7
Ditto ditto works under construction were ...	331 0 4
The overdrawals on account of stock	60,953 3 11
Total	<u>2,68,218 11 10</u>

The cost of the works on account of which these overdrawals have occurred is for the most part, as sanctioned by Government, to be met either from loans which have not yet been raised or from the sale proceeds of surplus land which it has not been considered advisable for the present to sell. In this latter case a loan of Rs. 1,60,000 has, with the sanction of Government, been taken from Part IV to allow of the work being carried on. This loan will be repaid when the land is sold. The overdrawal on account of stock calls for no remark, and the few remaining items have been reported to Government, and sanction has been asked to meet these excesses from the savings on completed works.

5. During the year additions have been made to your block account to the extent of Rs. 7,58,327 10 5. On the other hand your block account has been reduced by Rs. 2,00,610, of which Rs. 1,41,000 represent the value of the riverside press house which was lately destroyed by fire, Rs. 55,110 the amount of the annual depreciation directed to be charged off from the block of the port proper, and Rs. 4,500 the value of the River Police steam-launch which had been twice added to the block account. On the 31st March last the value of your block as shown in your accounts was Rs. 1,19,11,804 0 6. Besides this amount, Rs. 8,16,425 11 10 had been expended on works which at the close of 1881-82 were still under construction.

6. The amount by which the loan from Government has been reduced during the year is Rs. 90,734 4, and the balance on the 31st March 1882 remaining to be paid was Rs. 51,62,829 13, besides the fixed loan of Rs. 17,65,000, which is not repayable.

7. Section 14 of Act IV (B.C.) of 1880 requires the Commissioners to accumulate by half-yearly instalments a sinking fund, of such an amount as will suffice to liquidate, in not more than 30 years, any loan raised by them, and in order therefore to comply with the provisions of the above section a sum of Rs. 10,104 13 1, or 2 per cent. per annum of the loan raised, was set aside from revenue as the first instalment towards the accumulation of a sinking fund to liquidate the loan of Rs. 10,00,000 raised during 1881-82. This sum is less than a sixtieth part of the loan raised; but it is calculated that if Government paper to the extent of Rs. 10,000 is purchased half-yearly, and the interest on investment again reinvested and so on, the sinking fund at the end of 30 years will have the requisite sum to liquidate the loan. We have, however, to point out that the Act referred to does not authorise the interest on these investments being taken into account in calculating the amount to be set aside half-yearly from revenue towards the formation of a sinking fund. In the case of the Calcutta Municipality the interest received upon the investment of the sums set aside from revenue for the sinking fund of the municipal loans is not allowed to be taken in reduction of the amount, 2 per cent. at least of

the loan raised, required by the Municipal Act to be set aside from revenue, but is treated as an addition to the sinking fund over and above the amount set aside from the revenue of the Municipal Commissioners. The matter, we would add, has been reported to Government for orders.

8. During the year 1881-82 a sum of Rs. 1,24,468 was contributed from revenue for new works and renewals, and the total amount contributed from revenue for this purpose to the end of 1881-82 is Rs. 41,19,988-14-1. This sum is exclusive of Rs. 40,313 contributed from the revenue of part IV towards the cost of the tug steamer, the value of which is shown in the Hooghly Bridge block, but includes the sum of Rs. 6,320-9-6 contributed from the revenue of the bridge. The balance on the 31st March last in your capital account is Rs. 40,57,680-13-8, and the difference Rs. 62,308-0-5 represents the value of a hopper barge which was sunk, and the wear and tear of certain steam cranes. We would add that in paragraph 7 of our report for the second half-year of 1880-81 the amount contributed from revenue for new works and renewals, and the amount written off on account of the hopper barge that had been lost, was overstated by Rs. 769-6-6.

9. The sources from which the expenditure upon block, works under construction and stock has been met are as follows:-

NOTICE is hereby given that, on the application of Gobind Lal Roy, the judgment-creditor in the above case, made under section 69, Act VIII (B.C.) of 1869, an order has been passed by this Court for the sale of the under-tenure specified in the annexed schedule, in satisfaction of his claim for arrears of rent due in respect thereof, amounting with costs and interest to the sum of Rs. 10,260-4-6.

The sale will be by public auction. In the absence of any order of postponement, the sale will be held by the Nazir of the Judge's Court at the monthly sale commencing at 1 o'clock on the 7th August 1882 (Beogulee date 23rd Sravan 1890, at Judge's court).

In the event, however, of the debt, including costs above specified, and of the costs of the sale, being tendered or paid before the knocking down of any lot, the sale will be stopped.

At the sale the public generally are invited to bid, either personally or by duly-authorized agent. No bid by or on behalf of the judgment-creditor above mentioned, however, will be accepted; nor will any sale to him be valid without the express permission of the Court previously given. The following are the further:

Conditions for Sale.

1. The amount by which the biddings are to be increased shall be determined by the officer conducting the sale. In the event of any dispute arising as to the amount bid, or as to the bidder, the lot shall at once be again put up to auction.

2. The highest bidder shall be declared to be the purchaser of any lot, provided always that he is legally qualified to bid, and provided also that it shall be in the discretion of the Court or officer holding the sale to decline acceptance of the highest bid when the price offered appears so clearly inadequate as to make it advisable to do so.

3. For reasons recorded, it shall be in the discretion of the officer conducting the sale to adjourn it, subject always to the provisions of section 291, Act X of 1871.

4. The person declared to be the purchaser shall pay, immediately after such declaration, a deposit of 25 per cent. on the amount of his purchase-money to the officer conducting the sale, and in default of such deposit the property shall forthwith be put up again and sold.

5. The full amount of the purchase-money shall be paid by the purchaser before the Court closes on the fifteenth day after the sale of the property, exclusive of such day, or if the fifteenth day be a Sunday, or other holiday, then on the first office day after the fifteenth day.

6. In default of payment of the balance of purchase-money within the period allowed, the property shall be re-sold after the issue of a fresh notification of sale. The deposit, after defraying the expense of the sale, shall be forfeited to Government, and defaulting purchaser shall forfeit all claim to the property or to any part of the sum for which it may be subsequently sold.
